August 1, 2023

Dear Williams Center Families,

We are looking forward to an exciting few months at the Williams Adult Day Center! Construction is progressing on Senior Services Intergenerational Center for Arts and Wellness (Generations Center), which will serve as the new home for the Williams Adult Day Center. Our program will have the largest space in the new Generations Center, allowing us to better serve you and even more families who need us. **We are slated to move from our 231 Melrose Street location to our new address - 114 West 30th Street (located on our Shorefair Drive campus) in early October.**

As we get closer to our move date, we wanted to make sure you knew all the different ways you can stay informed and prepare for the transition:

1. We've created a special page on our website that will house transition updates and information for Williams Center families. Visit: <https://www.seniorservicesinc.org/services/williams-adult-day-center/> to learn more.
2. Beginning this month, please be on the lookout for a special e-newsletter with updates and information about the move. If you need to update your email address with our staff, please do so now.
3. Watch your phone and check your voice messages for call alerts and messages related to the move.
4. Be prepared for opportunities to do site visits, take tours, and attend information sessions to learn more about the new space beginning in September.

Our team is looking forward to the exciting new ways we'll be able to partner, serve, and support you and your loved one as we settle in at the Generations Center. Stay tuned for more information and please reach out with any questions you may have throughout this process.

Thanks,

Penny Hale
 Director, Williams Center
